

# Youth Pasch at Sonada – 2012

Forty young men and women from different Parishes along with seven animators consisting of the Brothers of Salesian College, Sonada, under the leadership of Fr. Ujjol Mondol undertook an intense spiritual journey from April 4, 2012 to April 8, 2012, accompanying Jesus through His Passion, Death and Resurrection.

The participants went through a demanding schedule comprising of Biblical study and reflection; personal disclosure and group discussions; in-depth sharing sessions voicing out their own opinions, ideas, and other experiences; scripture based audio-visual programmes; moments of personal prayer; well-animated and innovative liturgical celebrations; moments of reconciliation and other such purposeful activities in order to discover themselves and find significance and relevance in living enthusiastic Christian lives. Easter Sunday was a day of fellowship, and the group joined the Brothers of Salesian College for the Easter Celebrations.

The entire programme was a meaningful and enriching experience which made the participants traverse from a feeling of `hopelessness to hope`, from the `darkness of despair to rising to New Life in and with Christ`. Some of the young people felt that for the first time they were celebrating the Holy Triduum meaningfully. With sweet good-byes and promises to meet again, the youngsters returned home to their work and their parishes with renewed vigour and enhanced commitment.
