

Academic VISIT AT DBIM Guwahati, under Don Bosco University

We started our journey on 15th January by North east Express in the evening. We reached on 16th January 2013 at Don Bosco institute of Management (DBIM) a campus of Don Bosco University, Guwahati. DBIM offered us an intense four-day module entitled “Certificate program in project management.”

In the first two days, we covered the topics, financial management, decision making process, statistical method and project management. We attended four sessions daily of 90 minutes duration each. In the next two days we were introduced with first year students and we attended regular classes with them.

In addition to that we have also been introduced with the participants of another program, Rajiv Gandhi National Youth Leadership Camp”. We especially took part in the daily cultural activity in the evenings.

In the last day we visited the Don Bosco University Campus of Engineering at Azaara with the course coordinator Mr Indrajit Chatterjee. We took out some time also to visit the historical places in Guwahati. DBIM offered us twin sharing accommodation in Bosco Niwas with good quality food. We wished good bye to DBI on 19th January and returned to our hometown Siliguri by train.

We are very much thankful to our Principal Fr Dr George Thadathil sdb and programme coordinator Fr Dr Mathew George sdb for giving us such an opportunity in our very first semester itself of the MBA programme.
