

Seminar on Cloud Computing

Wednesday, 12th February, 2014, The Department of Computer Science and Application (CSA), Salesian College, Siliguri Campus, was invited to attend a Seminar organized by IIHT (Indian Institute of Hardware Technology) at 11:30 am, and venue was M Square Building, Sevoke Road. 19 students, who were interested, went for it under the guidance of Mr Amit Ghosh Roy, Head, Department of CSA, Mr Dhirodatta Subba and Mr Subajit Ghosh. All of us reached by 11:30am at the M Square Building, commonly known as Reliance Footprints Mall on Sevoke Road. The Seminar started at about 12:00 pm. It was all about Cloud computing, its forms, why do we need to study cloud, etc. Mr Arun Choudhury, an IT professional, presented the Seminar and explained everything with the help of a PPT Presentation was great and the Seminar was very knowledgeable and helpful for us as well as the Teachers too. We noted down important points from the presentation. At the end, Mr Arun asked us if we had any queries. Our Teachers asked few questions and the students too and those were perfectly answered and cleared. The seminar ended at about 1:45 pm. Altogether it was very good and helpful seminar for all of us.
